Stage Life

All the school's a stage, and innovations like The Zoo Crew made this even truer. Participation was a snap — "Come Blow Your Horn," "Rebel Women," "Paul Bunyan," just to name a few. "Working" required a grander scale and a bigger stage, making it obvious to all that there's no lack of talent amongst this crowd of hams.

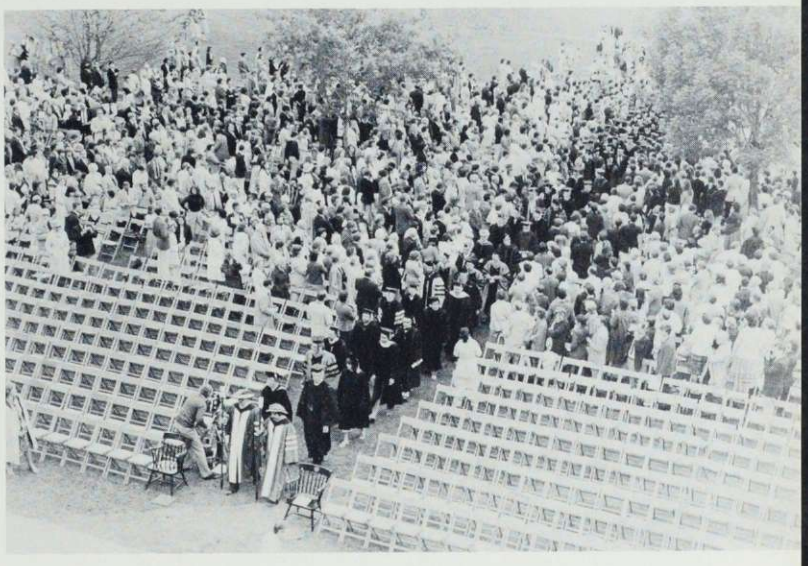
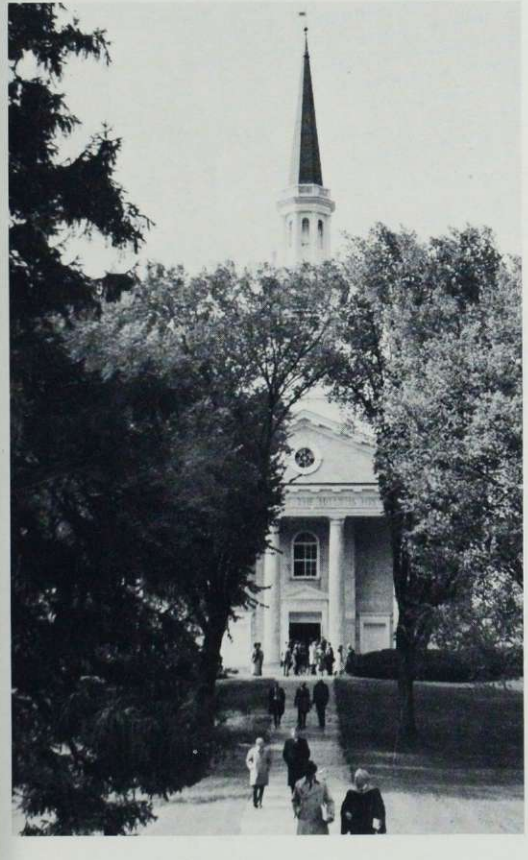
The Middst of Spring





Winter Carnival

"There's No Business Like Snow Business"

Hangovers never had a chance to last as the activities piled up like the snow outside. Snow sculptures, Northern Lights, Candlelight Dinner and Winter Warm-Ups – just the tip of the iceberg. Klondike Rush (Dregs/Johansen) then KDR, ski events (the real reason for all the fuss), Ice Show, Nightclub, and of course the Ball ("Room full of Blues" brought in a room full of people). Sunday brought academics back in focus, but eyes were still a blur.

...ODDLEBURY COLLEGE / MIDDLEBURY, VERMONT 05753

...e of the President

February 1, 1982

...r Parents:

At its meeting on January 23, the Board of Trustees Middlebury College voted to increase the comprehensive ... for the 1982-83 academic year to $10,800. This is a ...e of $1,500, and while it is a larger increase than might wish to have, we believe that it is essential we are to meet the growing needs placed upon us, and we are to continue to offer our students an education sonant with our traditions and their aspirations.

Although the increase in fees is higher than the centages indicated for the year past by the commonly d indices of inflation, in fact these indices under-te the rising costs at Middlebury. Our best estimates the year ahead see us facing, among other costs:

A 15% increase in expenses for utilities and fuel, for although we have a nationally recognized program of energy conservation, purchase costs are now rising more than can be offset by reductions
